Millions of people in the world are in need of a clean drinking water. Drought-prone climatic zones, economic failure of the state, destroyed infrastructure - access to a clean drinking water can be limited by various factors.

Individuals financed many of the wells we built. This fact points to the nobility of our audience. On behalf of every deprived life that you have helped and saved we express our enormous gratitude to all of you who have participated and intend to participate in the future of this project.

The only time within a year, when meat appears in the liquid menu of the Nigiri people is "Eid Al-Adha". The Salsabil Association in Niger and in neighbouring Togo and Benin holds the fest of animal sacrifice yearly.

This is one of the poorest countries in the world and therefore our donors are willing to send their donations there. Educational programs are being implemented; mosques, training classes and wells are being built in these countries as well.

The humanitarian crisis, in which Syria is currently plunged, as a result of a protracted war, left a few indifferent in this world. Many international foundations and states have made significant efforts to help the affected people.

The Association Salsabil worked in Syria until 2015. Several different projects have been implemented. Some 124 tons of flour were distributed. At some point we even dealt with the distribution of hot meal among the starving population.

Some two thousand sets of warm, winter clothes were bought and distributed within the project named "save the child from the cold".

"Al-adha" is a Muslim feast also known as Kurban-Bayram. But for the residents of many African countries it is a more holiday than anywhere else in the world.

On this day, according to the tradition that descended to us from the Prophet Ibrahim (Abraham), sacrifices are made and part of the sacrificial meat is usually given to the needy.

The people of Africa experience the greatest need in food. In the food ration of many Africans meat happens to appear once a year and it is on the feast of Eid al-Adha, when Muslims give the amount of money equal to the value of the sacrificial animal in favor of the poor through charitable foundations.

In 2013, under the project "al-Adha", the Salsabi Association has helped more than 19 500 people.
